Windows / Mac hard disk minimum storage	120GB
Minimum Screen resolution	1024 x 768
Wireless Connectivity	802.11 G,N or AC
Audio/Video	Headphone and Microphone Ports
3G/4G mobile support	Not allowed - SIM card must be removed at WAC
Keyboard	Full QWERTY Keyboard suitable for touch-typing
Battery	Minimum expected Battery Life of 6 hours
Operating System	The device should be running a recent version of Microsoft Windows or Apple macOS. Windows must be Home or Pro version.
Bag / Case	An appropriate, robust carry case to suit the shape/size of the device

Examples of devices that are **NOT** suitable

- Smartphone of any kind
- Older Windows laptop running Vista or XP
- Android tablet, or Apple iPad
- Chromebook
- Device running a limited version of Windows (eg. Windows RT, Windows 10 S)
- Any older device that doesn't meet the minimum requirements
- Device with less than 6 hours battery life

Examples of devices that **ARE** suitable

- Windows laptop running Windows 10, 8.1 or Windows 7 (i.e HP, Acer, Asus, Dell, Toshiba etc)
- Apple Macbook / Air / Pro laptop running the latest OS X version (updates are free)
- Microsoft Surface Pro
- If students already have a device that meets the minimum specifications, then there is no need to purchase another device.
